

Kraków 2010-12-03

Polish Society for Emergency Nursing and University of Warmia and Mazury in Olsztyn are pleased to invite

to participate in 4th Conference

with its main subject being:

Life Threatening States in Internal Medicine

We hope to gather the greatest specialists from Poland and abroad and many professionals in order to provide perfect environment for interdisciplinary discussion, also based on **THE EUROPEAN RESUSCITATION COUNCIL GUIDELINES FOR RESUSCITATION 2010**.

Simulations and training sessions based on the main subject will be organized during the Conference.

We hope that our program, prepared with the same strive for perfection as in case of previous conferences, will fully meet your expectations. We would like our Conference to become a precious and interesting occasion for the representatives of various medical professions to meet.

The Conference will take place in 4-6 April 2011 in picturesque Conference Centre "Castle of Ryn" in Ryn (address: ul. Plac Wolności 2, 11-520 Ryn, województwo Warmińsko-Mazurskie, Poland)

It will be a true honor for us to be your host throughout the Conference, which we hope will be a major contribution for emergency nursing and emergency medicine in Poland.

We invite you to become a part of this precious educational event, the ideas of which you have already had an occasion to learn.

Further information about the Conference can be found at <http://www.ptpr.org.pl>.

Please be so kind to confirm your participation by March 1, 2011.

Yours faithfully,

Marek Maślanka
Emergency Nursing State Consultant
Polish Society for Emergency Nursing Chairman
Emergency Nursing Specialist, EMS Nurse
